LEGAL NOTICES

PROPOSED BUDGET OF EXPENDITURES TOGETHER WITH TAX LEVY FOR FISCAL YEAR BEGINNING JULY 1, 2024, TO AND INCLUDING JUNE 30, 2025

The Board of Directors of Beebe School District of White County, Arkansas, in compliance with the requirements of A.C.A. § 6-13-622 and Amendment 74 of the Constitution of the State of Arkansas, has prepared, approved and does hereby make public a proposed budget of expenditures, for the district in 2024-25, together with a supporting tax rate as follows:

Table with 2 columns: Item Number, Description, Amount. Includes Salary Fund Expenditures (\$15,300,000), Instructional Expense (\$7,800,000), Maintenance & Operation Expense (\$3,050,000), Pupil Transportation Expense (\$1,600,000), Other Operating Expense (\$2,900,000), Nonbonded Debt Payment (\$0), Bonded Debt Payment (\$1,331,200), Building Fund Expense (\$500,000), Dedicated Maintenance and Operation (\$0).

To provide for the foregoing proposed budget of expenditures, the Board of Directors proposes a total school tax rate (state and local) of 36.60 mills on the dollar of the assessment value of taxable property located in this School District. The total tax levy proposed above includes the current Uniform Rate of Tax of 25.0 mills to be collected on all taxable property in the State and remitted to the State Treasurer. This is pursuant to Amendment No. 74 to the Arkansas Constitution and is to be used solely for maintenance and operation of schools in the State. The total proposed school tax levy of 36.60 mills includes 25.00 mills specifically voted for general maintenance and operation and 11.60 mills for debt service. The 11.60 debt service mills will be a continuing levy pledged for the retirement of existing bonded indebtedness. Surplus revenues produced each year by debt service millage may be used by the District for other school purposes.

The total proposed school tax levy of 36.60 mills represents the same rate levied for collection in 2023.

Given this 14th day of November, 2022.

Board of Directors of Beebe School District of White County, Arkansas.

Beebe School District White County, Arkansas

Mr. Jason Smith, President of the Board

Mr. Clay Goff, Secretary of the Board

I'm overwhelmed by schoolwork having anxiety attacks feeling isolated not interested in anything stressed about my social life hopeless

Good

How are you really feeling? Don't be afraid to talk about it. After all, emotional health challenges are more common than ever on high school and college campuses. Protect financial accounts from "cyberthieves"

Cybercrime is booming. In 2021, the FBI reported that cybercriminals scammed nearly \$7 billion from Americans — a figure slightly higher than the gross domestic product (GDP) of Switzerland for that year, according to research organization World Economics. How can you protect yourself from cyberthieves? Here are some suggestions that can help: Watch out for "phishing" attempts. You may receive emails that appear to be from a legitimate firm, requesting information your financial institution would never request online — confirmation of an account number, password, Social Security number, credit card number and so on. These notes can look official, often incorporating a firm's logo, so pay close attention to what's being asked of you. Think twice before clicking or downloading. If you are suspicious about a communication, don't click on a link or download an attachment — instead, go to your financial firm's website or use their app to verify they sent the information or request. Become adept with passwords. Use a different password for each of your accounts and change your passwords regularly. Of course, maintaining multiple passwords can be confusing, so you might want to consider using password management software, which generates passwords, stores them in an encrypted database and locks them behind a master password — which is the only one you'll need to remember. Use your own devices. Try to avoid using public computers or devices that aren't yours to access your financial accounts. If you do use another computer, clear your browsing history after you log out of your account. Be cautious about using Wi-Fi when traveling. When you're on the road, you may want to use public hotspots, such as wireless networks in airports and hotels. But many people don't realize that these hotspots reduce their security settings to make access easier, which, in turn, makes it easier for cyberthieves to intercept your information. In fact, some hackers even build their own public hotspots to draw in internet-seekers in an effort to commit theft. So, if at all possible, wait until you can access a trusted, encrypted network before engaging in any communications or activity involving your financial accounts. Don't give up control of your computer. Under no circumstances should you provide remote access to your computer to a stranger who contacts you, possibly with an offer to help "disinfect" your computer. If you do think your device has an issue with malicious software, contact a legitimate technician for assistance. Know whom you're calling for help. If you need assistance from, say, a customer service area of a financial institution, make sure you know the phone number is accurate and legitimate — possibly one from a billing or confirmation statement. Some people have been scammed by Googling "support" numbers that belonged to fraudsters who asked for sensitive information. Review all correspondence with your financial services provider. Keep a close eye on your account activity and statements. If you see mistakes or unauthorized activity in your account, contact your financial institution immediately. Advanced technology has brought many benefits, but also many more opportunities for financial crimes. By taking the above steps, and others that may be needed, you can go a long way toward defending yourself against persistent and clever cyberthieves.
